EVF CONGRESS, JULY 7, 2021 - REPORT OF THE CROATIAN REPRESENTATIVE

In Croatia clubs recently start working, but with some restrictions (number of athletes and other).

Last year we had to postpone our National Championship from May to October before new lockdown and this year we will also postpone it till October.

Because of COVID-19 we were forced to postpone organisation of World Veteran Championship 2020 in Poreč to 2022 for which we hope to host you in „new normal“.

In all categories our numbers decreased because of a long break from fencing. We hope that when we start our numbers will go up again.
