

EUROPEAN VETERANS FENCING

EUROPEAN VETERANS CIRCUIT GUIDELINES

2022-2023 SEASON

European Veterans Fencing offers Veteran Fencers in Europe the opportunity to compete in a Circuit of Competitions for which they will be awarded European Ranking Points.

Member Countries open existing events or create new events to attract fencers from other Countries.

Circuit Events are awarded and delivered through the application of a specific set of guiding principles laid down by EVF.

Background

European Veterans Fencing is committed to facilitating the best possible environment within Europe to increase participation, raise standards and grow Veterans Fencing as a friendly but competitive family.

The creation of a Veteran Fencing Circuit is the first step in fulfilling this objective by providing an incentive for Veteran Fencers to participate in competitions outside their own countries. This is equally beneficial for experienced fencers seeking to enhance their ranking and newer fencers seeking to gain experience.

Fencers from outside Europe are welcome to participate in Circuit Events but may not be awarded as EuroVet Fencer of the Year.

Circuit Events

Twelve events were selected as Foundation Events to establish the Circuit for the 2020 Season. Each event is awarded for a period of 3 years during which time it is evaluated for inclusion for a further 3 years. Following a review, the 2023 Circuit has been expanded to six competitions per weapon and now comprises:

HUN	Budapest	September 2022	Foil + Epee
FIN	Turku	September 2022	Epee
ESP	Madrid	November 2022	Sabre + Epee
GER	Munich	December 2022	Foil + Sabre
GBR	Guildford	January 2023	Epee + Foil + Sabre
FRA	Faches-Thumesnil	January 2023	Foil + Sabre
UKR	Kiev	February 2023	Epee
ITA	TBD	February 2023	Foil + Sabre
AUT	Graz	March 2023	Foil
BEL	Liege	April 2023	Sabre
POL	Gdańsk	April 2023	Epee

The following event is not included in the Circuit but it will be considered for the EVF ranking:

FRA	Paris	July 2022 – World Veterans Criterium	Foil + Epee + Sabre
-----	-------	--------------------------------------	---------------------

Age Categories

For the purposes of the EVF Circuit and rankings, a fencer's age is taken as the age at the end of the Circuit Season Year. Fencers competing in the 2023 Circuit that commences in 2022 will fence in the category that corresponds to their age on 31 December, 2023.

V1: 40-49 years

V2: 50-59 years

V3: 60-69 years

V4: 70+ years

Invitation

The organisers must advise EVF, at least 6 months prior to the event, of the date, location and organisers contact details.

A public Invitation with the following information about the event shall be transmitted to EVF Members and Executive 3 months before the event with the following information

- Contact of organisers
- Competition venue
- Schedule of the competition
- Entry information
- Entry fee
- Formula

Organisers may also publicise their event on the EVF Website and EVF FaceBook page.

Circuit Imaging

A series of images have been designed uniquely for the Circuit Competitions – one for each weapon.

Organisers may use these on their invitations, printed and social media material by applying for the artwork from EVF.

Organisers may use the image on merchandise through the payment of a royalty on sales or by purchase through the EVF merchandise provider.

Competition Structure

All Circuit Events are organised and delivered by local hosts but they must all fulfil the following criteria:

- At least one round of poules of 5, 6 or 7 fencers followed by a Direct elimination tableau.
- The poules are composed according to the EVF individual ranking system. The DT may make adjustments in order to avoid unbalanced poules
- In the case of multiple fencers from the same country in a poule, the 0.15. FIE rule will be applied.
- The bouts of the poules are of 5 hits, 3 min, according to the 0.17. FIE rule.

- No fencers will be eliminated from the poules which will be followed by a Direct Elimination tableau based on the results of the poules, according to 0.19. FIE rule.
- Direct Elimination bouts are of 10 hits with consideration of 0.23. and 0.24. FIE rules.
- Every fencer can only fence in the age category to which he or she belongs : 40-49 (or V1), 50-59 (or V2), 60-69 (or V3), 70 and over (or V4).
- If there are fewer than **12 fencers** in a category, they join the nearer and younger age category for the poule round.
- If this merge is not enough to reach 12 fencers another merge may be made
 - *Examples :*
 - V1 : 16
 - V2 : 10 >> merge with V1
 - V3 : 7
 - V4 : 5 >> merge with V3
 - Finally : 26 in V1/V2 and 12 in V3/V4
 - V1 : 13
 - V2 : 5 >> merge with V1
 - V3 : 4 >> merge with V2
 - V4 : 1 >> merge with V3
 - Finally : 23 in V1/V2/V3/V4
- In case of a match between fencers of different categories, a negative handicap of one hit will be granted for a difference of two categories
 - *Examples :*
 - V1/V2, V2/V3 or V3/V4 : no handicap
 - V1/V3 : V1 begins at -1
 - V2/V4 : V2 begins at -1
 - V1/V4 : V1 begins at -2
- Should a score be negative at the end of the bout, it must be notified at zero on the score sheet
 - *Example :*
 - A defeats B for 0 to -1, the score must be noted V0 to 0
- After the poules, each fencer will fence Direct Elimination in their own category, if the number of fencers is at least 4.
- If there are fewer than **4 fencers** in a category, they join the nearer and younger age category for the Direct Elimination.
- The two fencers who lose the semi-final matches are placed equal third and will each receive a bronze medal.
- The indication of the name and nationality of the fencer on the back of his jacket and the wearing of national colours is recommended but not mandatory

Initial seeding

Seeding should be applied following the current European Ranking provided by EVF. Competitors from outside Europe may compete and be included in the Ranking for the purposes of seeding.

Timetable

The provisional timetable must be provided to EVF for approval one month prior to the date of the competition. Significant changes to timing or structure must be made in consultation with EVF. Minor adjustments do not require further approval.

Entry fees

Entry fees for all Circuit Events are set at a maximum of 50 Euros per person per weapon. Organisers to use fees to cover referee, officials and other costs.

All fencers must be full members of their National Federation and must not be required to pay fees to the National Hosting Organisation.

Entry may only be collected in advance if there is no charge to fencers outside the hosting country. Facilities to collect entry fees on arrival at registration must be made available.

Referees

Referees may be National and Local but must be of a suitable level to direct bouts with International competitors. All referees to be supplied by the organisers with no demand on fencers to provide referees according to entry numbers.

Registration

Circuit Competition organisers have the right to use EVF proprietary software for Registration and Accreditation. It is strongly recommended that they do so.

Registration deadline to be 7 days prior to the event.

Fencers who have registered must notify organisers of cancellation at least 24 hours prior to the event. Fencers who do not notify cancellation may be barred from entering subsequent events

Results Transmission

Full results shall be provided to EVF within 24 hours from competition containing the following information:

- a) fencers by country (including date or year of birth)
- b) fencers by initial seeding
- c) formula
- d) poules
- e) ranking after poules
- f) ranking for D/E table in case two rounds of poules were fenced
- g) all D/E tables
- h) final ranking (including date or year of birth)

This information to be transmitted to: john@jrmason.demon.co.uk in HTML format

Rules

Circuit Competitions may apply local rules but must operate within broad FIE rules for equipment, referees and disputes.

Scoring equipment must be International Standard with time displays.

Weapon Control is not mandatory but weapons must be checked on the piste prior to bouts starting. Repair service/facilities and at least one equipment manufacturer stand should be present.

Organization

There must be an adequate number of pistes to ensure the smooth running of the competition that are supported by technical staff.

The organisers should provide and distribute information about accommodation, transportation and parking to EVF Members as early as possible.

Medical

Adequate medical assistance or a doctor must be available at the venue. An ambulance should be at the venue or within 5 minutes

Transport

Organisers may support international entrants by providing transport between key hotels and the venue and transfers from the airport. Organisers are required to provide transport for referees and officials.

Organisers may invite the President or members of the EVF Board to attend Circuit events. Travel, accommodation and per diem to be provided by the organisers.

Each event will be reviewed by an EVF Observer – this may be a member of the EVF Board, a member of the DT approved by the Board or an individual nominated by the Board.

The Observer will provide a written report on the event within 10 working days to EVF responding to the questions outlines in the observers questionnaire provided.

Catering

Appropriate catering must be provided or easy access to catering for fencers throughout the event.

New Circuit Event Applicants

Member countries that seek to have a competition included as a ranking event on the European Circuit may seek inclusion by completing and submitting a bid application.

Applications will be reviewed by the Directors responsible for the Circuit and Competitions and recommendations made to the Congress for approval – provided there is capacity within the number of events to include new ones

Ranking System

The ranking system will continuously update to provide an accurate indication of the status of each participating fencer.

On 1 May each the top ranked fencer in each weapon will be declared 'EVF Fencer of the Year' and be awarded a medal/diploma/certificate/plaque/gift at the European Championships. Fencers from outside Europe may be included in the Rankings but cannot be awarded 'EVF Fencer of the Year'.

Ranking Point Calculation

Ranking points for a fencer are based on :

- their overall position in a competition
- the number of rounds of DE they have survived
- podium position

The best results from a set number of events are added together to form a total.

Ranking lists are provided for each of the 24 weapon-age categories in order of their total points.

Placings for competitions are taken directly from the published results.

Whatever the size of the competition the first placed gets Max Points (50 is proposed). The last placed is awarded 1 point so that ALL competing fencers appear in the ranking. A scale is then used for intermediate places.

D/E Rounds Bonus

Extra points (10) are awarded for each round achieved. This ensures that a 5th place in an entry of 300 earns more points than 5th place in an entry of 16.

Podium Bonus

Further bonus points are awarded for podium places. A formula is used to allocate the bonus so that a larger competition gets more than a smaller one.

Formula

A spreadsheet is provided on the [EVF Website](#) to illustrate the point allocation algorithms.

The algorithms can be tried with a small competition eg 16 entries and a large competition eg 300 entries.

Results used for Ranking

Fencers are not expected to do every competition but they are expected to attend a minimum number to accumulate points.

Ranking for 2023 is based on the best four (4) results from a possible maximum total of thirteen (13): the EVF Championships and 2 years worth of circuit events plus Paris Criterium.

Rankings will be calculated from results within the last two (2) years of competition (seasons 2019-20, 2021-22 and 2022-23 because season 2020-21 has been cancelled due to Covid-19). Results older than three years will expire, but Cognac 2019 results will expire after Thionville 2023 Individual Championships.
