Ukraine Annual Report 2023

02/24/2022 Russia, without declaring war, attacked Ukraine. During this year, the Russians destroyed 343 sports facilities, 93 of them completely. The Unifecht fencing club in the city of Kharkov was completely destroyed! During this time, more than 265 athletes and coaches (including 3 fencers) died!

In these difficult conditions, we managed to hold in December 2022 the Ukrainian Fencing Championship among veterans (men's foil, 22 athletes) and the Kiev Open Cup in fencing among veterans (men's epee, 26 athletes).

Competitions were held in Kyiv, in a new fencing club La Fleche.
