

HRVATSKI MAČEVALAČKI SAVEZ

Zagreb, March 30th, 2023

EVF CONGRESS 2023 - REPORT OF THE CROATIAN REPRESENTATIVE FOR 2022.

In Croatia clubs were in 2022. recovering from COVID-19 restrictions. Veterans started to train and compete in normal regime. Goal in 2022. was to upgrade level of veteran fencing and number of veterans on competitions.

Organizational structure in Croatian fencing federation in triangle Croatian Veteran Commission, national selectors and coordinator for veterans worked very well in 2022.

Croatia successfully organized World Veteran Championship 2022 in Zadar on which compete the highest number of Croatian veterans with very good results. Goal is to keep working the same way in following year and to prepare them for European Veteran Championship 2023. in Thionville.

We are still searching and testing a suitable model of domestic competitions for veterans which is challenging because of small number of veterans which is going on competitions.

Mirna Borosak, president of CRO Veteran Commission
