EVF CONGRESS 2026 - REPORT OF THE CROATIAN REPRESENTATIVE FOR 2025.

Veterans train and compete in normal regime. They compete just on some domestic and regional competition and on World Veteran Championship 2025 where we had two fencers.

Organizational structure in Croatian fencing federation in triangle Croatian Veteran Commission, national selectors and coordinator for veterans worked very well in 2025.

We are still searching and testing a suitable model of domestic competitions for veterans which is challenging because of small number of veterans which is going on competitions.
